STATUS	PASS

Assessment Feedback

You met the basic requirements. However, you need to focus on improving your implementation, documentation, and testing practices to meet professional standards.

Strengths

- Perfect version control (24 commits, 100% meaningful messages + prompt docs)
- Outstanding documentation (25KB README, comprehensive)
- Perfect security (no secrets, proper .env.example)
- Excellent testing (62 tests with coverage config)
- Good UI/UX (2 screenshots, well-documented)
- Unique desktop app approach (Tkinter GUI)
- Strong code documentation (154 docstrings, 70% coverage)

Required Improvements

- Add dedicated architecture document with system diagrams
- Create research analysis notebooks and parameter investigations
- Implement comprehensive cost tracking and analysis
- Add quality tools (linting, CI/CD, pre-commit hooks)
- Include visual charts for performance metrics

Work on these areas for improvement. Meeting these requirements will significantly improve your grade and professional readiness.
