# Assessment Feedback

You met the basic requirements. However, you need to focus on improving your implementation, documentation, and testing practices to meet professional standards.

## Strengths

- Outstanding documentation (45KB README, full C4 architecture)
- Excellent testing (51 tests, 156 assertions, coverage config)
- Perfect security (no hardcoded secrets)
- Complete PRD and architecture documents
- Highly modular code structure (91 lines/file avg)

## Required Improvements

- Add meaningful git commit history (currently only 1 commit)
- Create research analysis notebooks and visualizations
- Implement prompt documentation system
- Add comprehensive cost tracking and analysis
- Include quality tools (linting, CI/CD, pre-commit hooks)
- Add plugin architecture for extensibility

Work on these areas for improvement. Meeting these requirements will significantly improve your grade and professional readiness.
