Assessment Feedback

You met the basic requirements. However, you need to focus on improving your implementation, documentation, and testing practices to meet professional standards.

Strengths

• Professional Reflex framework implementation

• Excellent git workflow (36 commits with conventional commits)

• Strong documentation (2 READMEs, 112 docstrings)

• Good testing infrastructure (45 tests)

• Comprehensive prompt documentation (prompts.md)

• PRD in professional PDF format

Required Improvements

• CRITICAL: Add research analysis section (parameter investigation required - 0/10 points lost)

• Add architecture documentation (ARCHITECTURE.md)

• Implement cost tracking and analysis

• Add CI/CD pipeline

• Add pre-commit hooks

• Consider implementing plugin system

Work on these areas for improvement. Meeting these requirements will significantly improve your grade and professional readiness.
